TESTIMONY FRED GALDONES/ILWU LOCAL 142

RE: SB 2680, RELATING TO WORKERS' COMPENSATION

Thank you for the opportunity to present testimony regarding SB 2680..

The idea of providing workers compensation students in school-approved learning programs sponsored by the Department of Education and University of Hawaii is a good one in principle. However, we note that as drafted workers' compensation would be "the student's exclusive remedy to the same extent as provided for in chapter 386 as against the State and the private employer participating in the program."

We believe the quoted language should be interpreted to mean that a student in a DOE or a UH-sponsored program retains the opportunity to sue for sexual harassment or assault, infliction of emotional distress or invasion of privacy as guaranteed by Section 386-5 HRS, as well as the right to bring third-party actions as now provided in Section 386-8 HRS. Assuming these rights to bring third party actions are protected, we support adoption of SB 2680.
